

Please reject NAB'S petition 04-160. I enjoy listening to XM Radio in the New York/Long Island area. Since the radio stations find it unprofitable to have a Country Music station in the largest market in the country, we don't need them either. Thank God for XM Radio, I now have 6 country music stations to choose from, without being abused by a half hour of commercials every hour. I love my XM Radio and would never go back to listening to commercial radio again.
